## Research interests

I am strongly interested in **compact objects** and their **multi-messenger** emissions. I am currently investigating the role of **star clusters** in producing **heavy intermediate-mass black holes** using semi-analytic **population synthesis codes** and their potential detection with current and future **gravitational-wave** interferometers.

## Education

### Ph.D. program

*Astroparticle Physics*

Supervisors: Prof. Manuel Arca Sedda, Prof. Gor Oganesyan

**keywords:** intermediate mass black holes, star clusters, population codes, gravitational waves

**Gran Sasso Science Institute**

*Nov 2022 - Present*

### Master degree

*Astrophysics, 110/110 w.h.*

**keywords:** neutron star binaries, gravitational waves, kilonovae

**La Sapienza University**

*Sep 2020 - Sep 2022*

### Bachelor Degree

*Physics, 110/110 w.h.*

**keywords:** machine learning, galaxy surveys

**La Sapienza University**

*Sep 2017 - Sep 2020*

## Awards and Honours

### Transnational Visitor Programme Grant

*Awarded by AHEAD2020, ~ 2.5k euros*

*April 2024*

Grant for short-term visitor programmes aimed at the realization of projects in high energy astrophysics.

### Milla Baldo Ceolin National Prize

*Awarded by INFN, ~ 1k euros*

*July 2023*

National award for the 10 best master theses in Theoretical Physics written by women.

## Scientific visits

### Short term stay (AHEAD2020)

*Barcelona , Spain*

**ICCUB**

*22 Sept - 13 Oct 2024*

Project on the formation of black hole - neutron star binaries and their potential as gamma-ray bursts progenitors. Supervision of Dr. Sara Rastello and Prof. Mark Gieles.

### Short term stay

*Baltimore , USA*

**Johns Hopkins University**

*25 Oct - 23 Nov 2023*

Hosted by Prof. Emanuele Berti's research group in the context of ITA-USA Bilateral Agreement between GSSI and Johns Hopkins University.

## Publications (short-author)

## Seminars & Talks

---

### Seminars

---

<b>Galaxy Evolution Coffee</b> <i>Garching, Germany</i>	<b>ESO</b> 13 Nov 2025
<b>APC Seminars</b> <i>Trieste, Italy</i>	<b>SISSA</b> 19 March 2025
<b>Pizza Seminars</b> <i>Barcelona, Spain</i>	<b>ICE - CSIC</b> 11 Oct 2024

### Contributed talks

---

<b>EAS 2025</b> <i>Cork, Ireland</i>	<b>University College Cork</b> 23-27 June 2025
<b>MODEST 2025</b> <i>Seoul, South Korea</i>	<b>Seoul National University</b> 16-20 June 2025
<b>ET Symposium 2025</b> <i>Bologna, Italy</i>	<b>CNR center</b> 26-30 May 2025
<b>Unveiling massive black hole evolution with gravitational waves and light</b> <i>Paris, France</i>	<b>APC Paris</b> 19-23 May 2025
<b>MODEST 2024</b> <i>Warsaw, Poland</i>	<b>Nicolaus Copernicus Astronomical Center</b> 19 -23 Aug 2024

### Short talks

---

<b>Challenges and future perspectives in GW astronomy</b> <i>Leiden, Netherlands</i>	<b>Lorentz center</b> 14 -18 Oct 2024
---	--

## Outreach

### **European Researchers' Night**

*L'Aquila, Italy*

Volunteered at the activities organized by Gran Sasso Science Institute.

### **Gran Sasso Science Institute**

*26 Sep 2025*

### **Space Explorers**

*L'Aquila, Italy*

Outreach event organized by the Astrophysics and Cosmology Group of Gran Sasso Science Institute for elementary schools in L'Aquila.

### **Gran Sasso Science Institute**

*2023 - Present*

### **European Researchers' Night**

*L'Aquila, Italy*

Volunteered at the activities organized by Gran Sasso Science Institute.

### **Gran Sasso Science Institute**

*29-30 Sep 2023*

## Technical skills

**Programming:** Python (advanced),  
C/C++ (intermediate),  
Mathematica, Fortran (beginner)

**O.S.:** Linux, Windows (advanced)

**Other:** L<sup>A</sup>T<sub>E</sub>X, Office (advanced),  
Matlab (beginner)

## Languages

**Italian:** Native

**English:** Proficient

*IELTS Certificate, average score: 8 (January 2022)*
